

WATERFURNACE WARRANTIES

Smarter Because ... They Provide True Peace of Mind for Your Family.

Great Warranties And Products

Because of the quality built into every WaterFurnace product, WaterFurnace's warranties are the best you'll find. We have great confidence in the reliability of everything we make so much so, that our standard warranty covers E Series® and Premier® family products for 10 years. Our warranty program covers all unit parts and any WaterFurnace system accessories, including those for our IntelliZone™ system, our thermostats and our flow centers. In addition, your independent WaterFurnace dealer receives a labor allowance to offset labor expenses that incur in the unlikely event of a part failure. We're confident you'll be happy with our standard warranties. But because our customers have varied needs and budgets, we offer several optional warranties as well that can reduce the cost of your WaterFurnace system. Discuss these options with your WaterFurnace dealer to determine which is best for you.

55-Year Loop Warranty

In addition to our equipment warranties, we also offer an optional "No Leak" earth-loop warranty. Your earth-loop pipe is protected against rust, rot, electrolytic corrosion and defects in materials and workmanship for 55 years. To find out more, contact your WaterFurnace dealer.

Expert Service

In order to offer WaterFurnace warranties to their customers, heating and cooling contractors must complete a rigorous training program. Your dealer has the training and expertise to keep your unit in peak operating condition for many years to come.
