

A man in a white shirt and tie, smiling and holding a glass of wine, sitting on a bed with papers and a pen. The scene is framed in a circular vignette.

Rest Easy With Worry-FreeSM Warranty Coverage

Our Worry-Free warranties are the perfect complement to the **quality built** into your WaterFurnace geothermal system. Using **extensive quality assurance procedures**, WaterFurnace geothermal units are built by skilled technicians to exacting specifications, and then thoroughly tested before leaving the factory. As a result, your system will **provide many years of Worry-Free operation**, energy savings and safe, quiet comfort. And with the protection of a WaterFurnace warranty, you can rest easy that virtually any problem that may occur with your system will be covered. For more information about our warranty program, **contact your independent WaterFurnace dealer.**

Peace Of Mind For You And Your Family

Great Warranties And Products

Because of the quality in every WaterFurnace product, WaterFurnace's Worry-Free warranties are the best you'll find. We're so confident of the reliability of our units, our standard warranty covers E Series and Premier family products for 10 years.

Our warranty program covers all unit parts and any WaterFurnace accessories included as part of the system, including IntelliZone® systems, thermostats and flow centers. In addition, your independent WaterFurnace dealer receives a labor allowance to offset labor expenses which incur in the unlikely event of a part failure.

We're confident you'll be happy with our standard warranties. But because our customers have varied needs and budgets, we offer several optional warranties that can reduce the cost of your WaterFurnace system. Discuss these options with your WaterFurnace dealer to determine which is best for you.

55-Year Loop Warranty

In addition to our Worry-Free equipment warranties, we also offer an optional "No Leak" earth loop warranty. Your earth loop pipe is protected against rust, rot, electrolytic corrosion and defects in materials and workmanship for 55 years. To find out more, contact your WaterFurnace dealer.

Expert Service

In order to offer WaterFurnace Worry-Free warranties to their customers, heating and cooling contractors must complete a rigorous training program. Your dealer has the training and expertise to keep your unit in peak operating condition for many years to come.
